FULLY INSULATED CONSERVATORY ROOF INSULATION PANELS

The UK's best option for insulating your conservatory.

We know about temperature differences and how to solve the problem of conservatories being either too hot in summer or too cold in winter. We transform your conservatory into a usable room year round in less than a day, without any mess, fuss or hassle.

A COMPARISON

Tiled Roof

Vs

Insulated Panels

Heavy

Lightweight

Takes 3-4 days to install

Install in just 1 day

Alters the structure

No alteration to the structure

Cooler in Winter / Warmer in summer

Warmer in winter / Cooler in Summer
